To ensure that you have ample time to access detailed information, we are providing an electronic version of the parent letter/information sheet that is included in the consent pack. This will enable you to explore the details of the School Immunisation Program and learn more about the vaccines recommended for adolescents.

By accessing the electronic version, you will find valuable information, including:

2. Details about the vaccines recommended for Year 10 students
3. Benefits and importance of adolescent immunisation
4. Additional resources and links for further reading

This message also serves as a heads up that a hard copy of the consent pack, which will include the consent card, will be sent home with your child in the next few weeks. We understand the importance of having comprehensive information, and we want to provide you with the opportunity to review the details in advance.

We encourage you to access the electronic version of the parent letter/information sheet attached.
